August 2011

Greetings from the Dawson Creek Golf Course!

A week past, Richard Zokal and Arman Sunni paid our course a visit. As both are very influential in the golf world, we should be proud that they were quite impressed with our course. Sunni is one of the premier golf superintendents in North America, and during 3 days of 12 hour tours, he and Zokal advised us in some ways we can improve our course to improve playability for both low and high handicappers. They called for more forward tees, more bunkering, and some re-shaping of the greens, among other things.

Tournament-wise, the Mile "0" Open was certainly an event, with all 36 holes played in a single day! The overall amateur winner was Rob Powell and the overall professional winner was Bill Oliver. Walter Mineault was the overall Low-Net winner.

For all those in the commercial league and mens' and ladies' nights please remember that shotgun is now at 6pm as of August 7th! Playoffs will begin on Monday, August 15th. The top teams will be playing for 4 weeks and the bottom 4 will be playing for 2 weeks.

Have a wonderful last month of summer!
